

Genetic research institute database - This is a database to keep record of patients, samples, their DNA sequences, funding organizations, employees etc. for the smooth organization and functioning of the institute.

By executing app.py, the web page will be hosted locally on our device.

Home page of the webapp will consist of the list of researches that are involved with the genetic institute. Updation, Insertion, Deletion options are available.

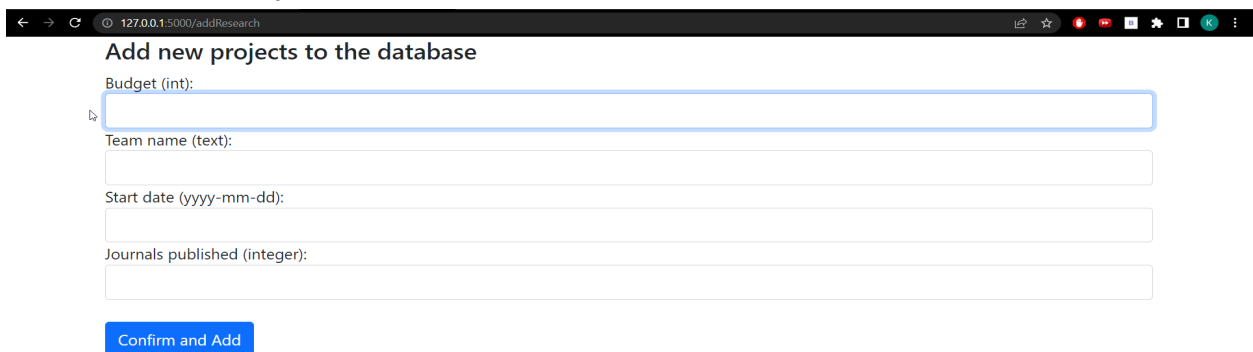

The screenshot shows a web browser window with the address 127.0.0.1:5000. The page title is "List of researches". It contains a table with 7 columns: rid, budget, team name, start date, papers, modify, and remove. There are two rows of data. Below the table is a blue button labeled "Add new research projects".

rid	budget	team name	start date	papers	modify	remove
1	353	uhuju	2012-10-02	4	Update	Remove
2	2000	finishers	1999-10-09	2	Update	Remove

[Add new research projects](#)

Clicking on the “Add new research projects” button will lead to another page asking for details of the new research project.

The screenshot shows a web browser window with the address 127.0.0.1:5000/addResearch. The page title is "Add new projects to the database". It contains a form with five input fields: Budget (int), Team name (text), Start date (yyyy-mm-dd), Journals published (integer), and a blue button labeled "Confirm and Add".

Add new projects to the database

Budget (int):

Team name (text):

Start date (yyyy-mm-dd):

Journals published (integer):

[Confirm and Add](#)

Filling the details and clicking on “confirm and Add” will add the project details to the home page and a dialogue box pops up showing the project is added.

The screenshot shows the same web browser window as before, but now the table has three rows of data. Below the table is a blue button labeled "Add new research projects". At the bottom of the page, there is a green notification box that says "Added new project" with a close button (X).

rid	budget	team name	start date	papers	modify	remove
1	353	uhuju	2012-10-02	4	Update	Remove
2	2000	finishers	1999-10-09	2	Update	Remove
3	100000	Testingdemo	2022-03-29	10	Update	Remove

[Add new research projects](#)

Added new project

Upon clicking on update

127.0.0.1:5000/updateResearch/3

Modify existing research projects

Budget (int):

Team name (text):

Start date (yyyy-mm-dd):

Journals published (integer):

[Confirm to modify](#)

After modifying the details, changes will be made and an updated dialogue box pops up.

127.0.0.1:5000

List of researches

rid	budget	team name	start date	papers	modify	remove
1	353	uhuju	2012-10-02	4	Update	Remove
2	2000	finishers	1999-10-09	2	Update	Remove
3	100000	Testingdemo- modified	2022-03-29	10	Update	Remove

[Add new research projects](#)

Updated!!! [x](#)

Removing the research project by clicking on the remove button of the research record.

127.0.0.1:5000

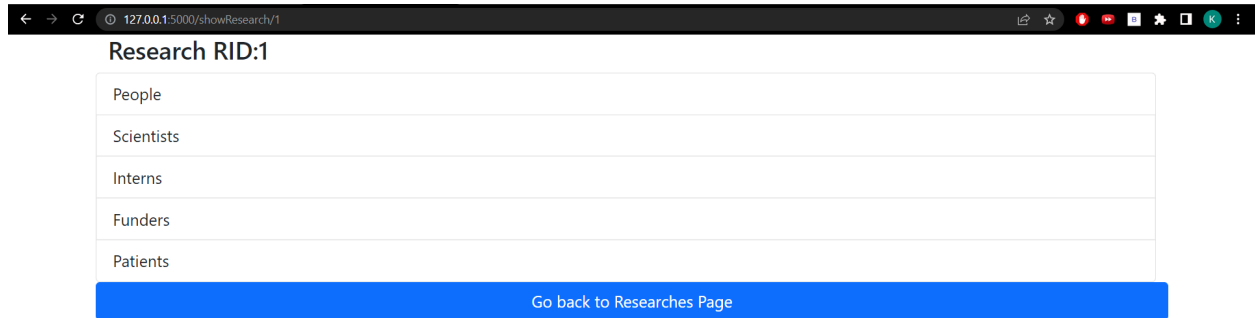

List of researches

rid	budget	team name	start date	papers	modify	remove
1	353	uhuju	2012-10-02	4	Update	Remove
2	2000	finishers	1999-10-09	2	Update	Remove

[Add new research projects](#)

deleted!!! [x](#)

Clicking on the rid of the researches listed, will lead to a page showing different categories of people involved with the project.

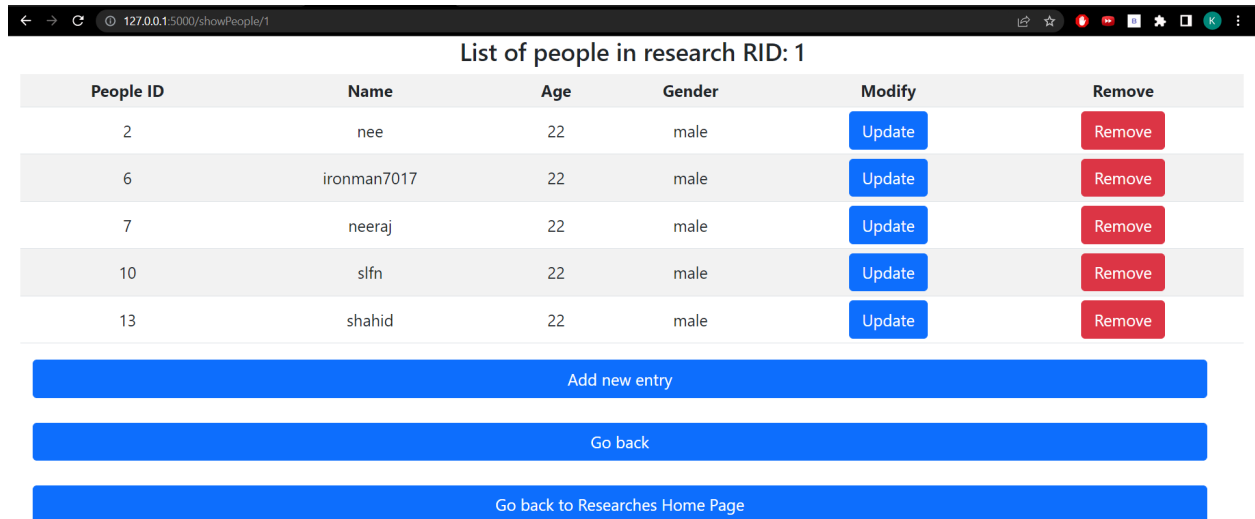

Research RID:1

- People
- Scientists
- Interns
- Funders
- Patients

Go back to Researches Page

Clicking on any of the categories will lead to a page with a list of people in the department. People page lists all the scientists, interns, funders and patients related with

List of people in research RID: 1

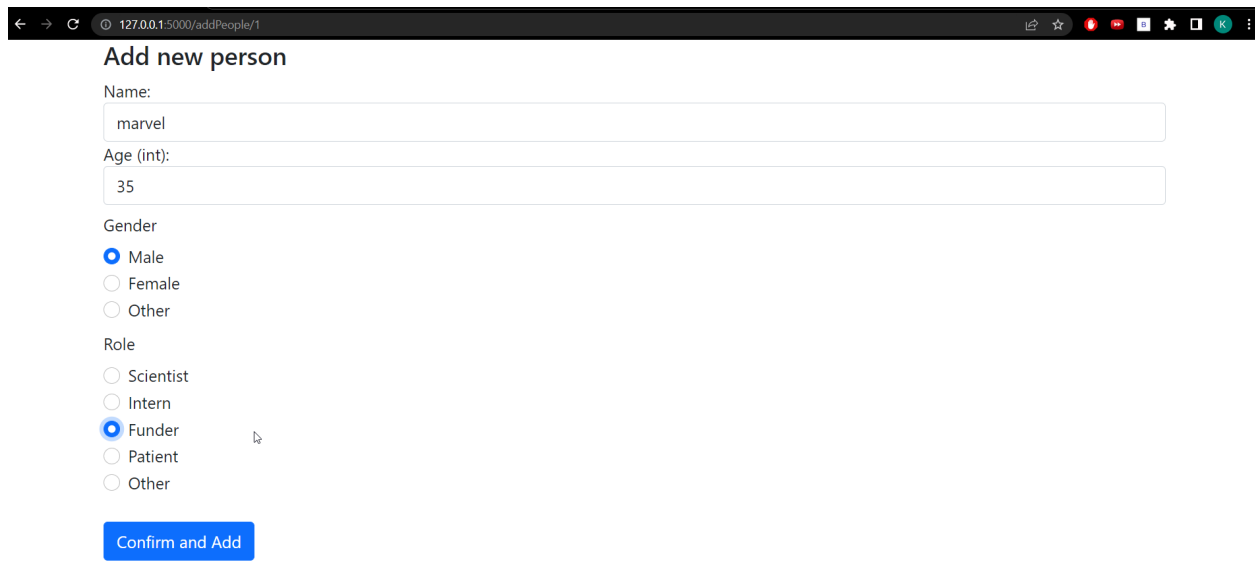

People ID	Name	Age	Gender	Modify	Remove
2	nee	22	male	Update	Remove
6	ironman7017	22	male	Update	Remove
7	neeraj	22	male	Update	Remove
10	slfn	22	male	Update	Remove
13	shahid	22	male	Update	Remove

Add new entry

Go back

Go back to Researches Home Page

Clicking on “Add new entry” :

127.0.0.1:5000/addPeople/1

Add new person

Name:
marvel

Age (int):
35

Gender
☒ Male
☐ Female
☐ Other

Role
☐ Scientist
☐ Intern
☒ Funder
☐ Patient
☐ Other

Confirm and Add

Selecting on which role the newly added person belongs to will lead to different pages asking for more details of the person. For example choosing the role of the person as Funder leads to this page.

Add more details of funder

Amnt_funded (int):
564654546

Date of funding (yyyy-mm-dd):
2012-10-09

Confirm and Add

After confirming, the newly added person will be seen in the list of people. Going back to the below page and clicking on ‘Funders’, we can see that a funder is also added. Similarly, if the new person added is a scientist or intern or patient, he/she will be added in the respective category too.

List of people in research RID: 1					
People ID	Name	Age	Gender	Modify	Remove
2	nee	22	male	Update	Remove
6	ironman7017	22	male	Update	Remove
7	neeraj	22	male	Update	Remove

Add new entry						
Go back						
Go back to Researches Home Page						

We can also add new funders/scientists/interns/patients from their respective category too.

Suppose we delete a person from the people category, he/she will be removed from the list of funders/scientists/interns/patients depending on his role. Let's see this below in an example. We will delete the person named Marvel from the list of people. Since she is a funder, she will also be removed from the list of funders.

List of people in research RID: 1

People ID	Name	Age	Gender	Modify	Remove
2	nee	22	male	Update	Remove
6	ironman7017	22	male	Update	Remove
7	neeraj	22	male	Update	Remove
10	slfn	22	male	Update	Remove
13	shahid	22	male	Update	Remove
25	marvel	35	male	Update	Remove

deleted!!! X

The funder 'Marvel' is deleted from the list of funders too which can be seen in the below pic.

List of funders in research RID: 1

People ID	Name	Transaction ID	Amnt funded	Date of funding	Modify	Remove
Add new entry						
Go back						
Go back to Researches Home Page						

To open the list of samples of a respective patient and insert/update/delete new samples associated with that patient, click on the respective person id of the patient (hyperlinked) in the list of patients which will open the list of samples (refer below pic) where one can perform the required operations or just view the samples.

List of samples (People ID: 13)					
Sample ID	Person ID	Date collected	Body part	Modify	Remove
1	13	2005-09-20	Shoulder	<button>Update</button>	<button>Remove</button>
<button>Add new entry</button>					
<button>Go back</button>					
<button>Go back to Researches Home Page</button>					

Click on sample ID to view/update/delete that sample's sequences

To open the list of sequences of a respective sample and insert/update/delete new sequences associated with that sample, click on the respective sample id of the sample (hyperlinked) in the list of samples which will open the list of sequences (refer to below pic) where one can perform the required operations or just view the sequences.

List of sequences (Sample ID: 1)						
Sequence ID	Sample ID	Length of sequence	DNA sequence	Genome region	Modify	Remove
2	1	22	AGCTTACAGATCATG	pot	<button>Update</button>	<button>Remove</button>
<button>Add new entry</button>						
<button>Go back</button>						
<button>Go back to Researches Home Page</button>						

If one deletes a sample, the sequences associated with that sample will also be deleted.
